REFERENCE

The Company INOS-1 Ltd. executes the construction and installation works on the site "Transfusion Hematology Center", Sofia. This project is financed by the World Bank in the frame of the project for reconstruction of health sector in Bulgaria.

The assigned construction works are accomplished with a good quality, according to the contracted technical specifications and schedules.

We would like to note that any questions in the process of the work are settled effectively, with technical competence and in businesslike manners.

INOS-1 Ltd. performs with accuracy all its contractual obligations concerning the building construction and exploitation.
