

REFERENCE

This recommendation is issued to "DG-2013" OOD to certify that following a public procurement the Company was chosen as the Main Contractor and executed through its leading partner INOS 1 OOD construction and installation works for project **"Reconstruction of Kindergarten № 18 "Detski svyat"- II stage – extension in RLP III for Kindergarten, q. 39, p. " Third out-of-town part", Housing complex "Yavorov", 2 G. Markov Str., District "Sredetz".**

The construction works started on 29.11.2013 and were completed on 28.07.2014.

The team of the leading partner INOS 1 OOD successfully and qualitatively finished the works on site within the agreed period following the adopted program.

The total contract amount is 1 372 599 BGN without VAT.

Construction and installation works to build two-storey extension with basement to the existing building at the following parts: architecture, delivery and installation of façade windows, structures, internal electrical installations, lightning and cable electrical supply, fire alarm system, security alarm system, electrical equipment, indoor W&S installations, W&S connection, site drainage, W&S equipment, heating installation – piping, re-equip of substation, delivery and installation of heaters, ventilation, landscaping, planting and public works, delivery and installation of technological equipment, kitchen lifts and electrical platform.

The new building is foreseen for 3 groups of kindergarten. The existing and the new part of the kindergarten are connected by "passage". Sport music hall, bedrooms and study-halls are constructed.

Newly built extension is in conformity with the requirements for construction of accessible environment.

5 playgrounds and sport pitch are built - 324 m2.

Any issues that arise during implementation were resolved in competent and professional manner in accordance with the Employer's requirements and good practice. Implementation of the construction and installation activities strictly met the European and Bulgarian standards for quality, health and safety and environmental protection.

All above allows us to confirm that this is a very well-managed, organized and competent contractor and we do not hesitate to recommend the company as a partner that observes its contractual obligations and offers qualitative construction works.

Sofia Municipality – District „Sredetz”
