REFERENCE

To Whom It May Concern

We, Sofia Airport Center AD, hereby confirm that INOS 1 Ltd acted for us as Contractor for the construction works of the Office Building A02, Sofia Airport Center Project, Phase I.

The Office Building A02 is approximately 36,000 sq.m. gross floor area with tow underground levels and five above ground floors.

INOS 1 Ltd. Was responsible for the civil construction works, basement and waterproofing, site utility networks, external works and general contracting & site management.

INOS 1 Ltd, performed all assigned works in compliance with the Bulgarian and European Standards concerning Class A office buildings and used well-established and reliable methods for construction.

INOS 1 Ltd demonstrated good construction management and knowledge of the processes. The company proved to be a reliable partner and completed the project on time, with high level of quality and within maintained budget.

The Building was awarded with the prize "Building of the Year 2012" in the categories "Office Building 2012" and "Green Building 2012".

The final amount of the completed works by the company was 13,269,082 Bulgarian Levs excluding VAT.
